from your company, the next year, three men, and the next year three men. What your objections are to this statement of facts, I do not know. I said that we felt that the books should balance on the other side before the people of Prescott should feel that they had any right to make demands on the military department. Perhaps you can explain to me if I made any errors in my statement.

Having visited Prescott several times yearly for a good many years, I can agree with you that the people are wide-awake and are hustlers for anything that will benefit Prescott. Your claim that they are selfish, in mind, is not founded on facts. I even doubt your statement about yourself, in spite of this group of words that you have addressed to me. Had any member of the Chamber of Commerce a wish to discuss the matter with me, they had the opportunity at that meeting. None of my statements were denied, none could be.

There is a feeling among a good many members of the Guard that we have not been appreciated by the citizens of Prescott. I want to say that this feeling is not mine. You will remember that it was necessary to have the manager of a skating rink arrested for violating a federal statute by refusing to allow an officer of the army to enter his place in uniform. It appears that pressure was brought to bear to have the prosecution dropped. You will remember that last year members of the Guard were assaulted on the streets of Prescott without provocation.

It is also for this reason that I wish to set the people of Prescott right on this letter of yours of the second instant, as the remembrance of those occurrences will remain in the minds of many members of the Guard, and I am sure are deplored by those having the best interest of the City of Prescott at heart.

Very sincerely yours,

CHAS. W. HARRIS,

The Adjutant General.

penditures, he shall be liable to a fine of from \$100 to \$200 and (not only) confinement in the jail of the county in which he shall have been convicted from six months to two years.

A candidate may secure nomination by certificate, which is to be filed not less than 10 days after the primary and which shall be signed only by voters who have not signed the nomination papers.

In order to vote at a primary one must be a qualified voter and have resided in the precinct for 30 days prior to the election.

## HELPLESS AS BABY

Down in Mind Unable to Work,  
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I some power over poor, suffering women and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.
